RULES GOVERNING TARIFF

| | |
|--------|---|
| Rule 1 | This tariff covers rules and rates for the intrastate transportation of household goods only. The carrier may, in its discretion, assess different or additional rules and charges for transportation of any other property, or for interstate transportation. |
| Rule 2 | The term "Container Only Option-COO" as used in this tariff refers to the following: When a customer has possession of a POD, the customer is responsible for damage to the POD. The customer has the option of paying a fee, referred to as the "COO", which limits the customer's liability to the amount of the "COO" if damage is caused to a POD in their possession. |
| Rule 3 | Unless otherwise provided in this tariff, when property is transported and subject to the provisions of this tariff, or as amended, the acceptance and use of the carrier's bill of lading is required. |
| Rule 4 | At, or prior to the time, the carrier transports a POD containing a customer's household goods, the carrier shall present the person paying for the shipment the bill of lading/rental agreement, which will identify the following: The name and address of the carrier; the names of the consignor and consignee; the anticipated points of origin and destination; the date the POD is delivered; the anticipated date and time of arrival of the shipment at its destination; the date of the bill; the weight of the shipment, if applicable; that the carrier of the POD will always be Desert Portable Storage dba PODS; an adequate description of the vehicle used to transport the household goods; an adequate description of the property transported, including the number of items carried, if known by the carrier; the rate charged for the service; and any other charge incident to the transportation. |
| Rule 5 | Nothing in this tariff shall require or obligate the carrier to make any pick up or delivery at locations where, in the opinion of the carrier, it is unsafe, impractical, or contrary to law to operate or park any vehicle, whether because of road conditions, labor difficulties, inaccessibility of the customer's premises, or other reason. Carrier reserves the right to terminate service for any customer on these grounds. |

RULES GOVERNING TARIFF

| | |
|--------|--|
| Rule 6 | By using the carrier's services, the customer agrees not to pack in any container any materials prohibited in the contract between the parties, as well as any hazardous, explosive or flammable item as defined by regulations of the U.S. department of Transportation or the State of Nevada; heirlooms; jewelry; or other valuables. |
| Rule 7 | Claims for lost or damaged goods must be submitted by the customer to the carrier within seven days after the loss or damage is discovered. Within 14 days after receipt of the claim, the carrier shall compensate the customer or deliver to the customer a written denial of the claim. A denial of a claim may be appealed by the customer to the Transportation Services Authority. |
| Rule 8 | The carrier will maintain liability coverage for the contents of each POD in the amount of \$5,000. The carrier will notify the shipper, prior to the transportation of any property transported subject to the provisions of this tariff, of their ability to obtain insurance from a third party. |
| Rule 9 | The cost of any insurance in the name of the shipper, or for the benefit of the shipper, will not be assumed by the carrier. (See Rule 8). |

TARIFF NO. 1

RULES GOVERNING TARIFF

Rule 10

A customer can obtain an estimate for the size POD needed, based upon a telephone call to PODS toll free telephone number. The estimate is based upon the customer's description of the size of the space to be moved and the amount of goods within the space. If requested by the customer, an original written estimate, based upon the information provided, will be provided to the customer, and a copy of the estimate will be maintained by the carrier. A written estimate to transport household goods, if requested by the customer, must be based upon the carrier's tariff filed with the Transportation Services Authority. The final charge for transporting the goods may not exceed the written estimate unless the customer requests services that are not included in the written estimate and agrees to pay for the additional services so requested; however, the carrier is not responsible for additional charges that may be incurred as a result of the customer needing additional PODS, since the customer is responsible for all packing and unpacking of the POD, and the manner in which they pack the POD impacts how many PODS they may need for any given move. If the final charge is less than the written estimate, the carrier shall only collect the actual charge for the service. The prices for the carrier's moves are not based upon the amount of goods or an hourly basis, as the customer is responsible for all packing and unpacking of the POD.
